Much of the information typed on this WWII spreadsheet was gleaned from St. Lawrence County War Service Record sheets that appear to have been made out by family members.

Other info was taken from [Find-A-Grave.com](#), [Ancestry.com](#), [gamilysearch.com](#) and [nyshistoricnewspapers.org](#)

For some soldiers it is difficult to determine their dates of service, esp. for the navy

If anyone has additions or corrections, you may send them with your source of information to hammondhistorian@gmail.com

After putting this together the writer realizes that burial place, & a separate column for work, educ. could be added in the future.
